

INCR.TP

HOLDING ACCESSORY FOR INCR SENSORS

Function	It allows the holding and height adjustment of INCR sensors and other similar ones.
Threaded plug	1"G, PVC
Cable gland	PG7, Polyamide
Installation	Thread directly into a 1 "G socket or place it in a 30 mm hole securing it with a locknut (not supplied).
Adjustment	Loosen the upper part of the gland and position the sensor at the desired height. Tighten the upper part of the gland firmly.
